

## ZTBL aims to promote reliable corporate culture: Ajmal

ISLAMABAD—Zarai Taraqiati Bank Limited (ZTBL) under its present

management is committed to developing the bank into an organization based on solid economic foundations. These efforts have remained successful in bringing achievements for the bank as well as promoting a socially responsible corporate culture in Pakistan.

ZTBL not only ensures effective delivery of its ser-

vices to farmers at their door-steps but also leads the way in promoting sports activities and encouraging national sports talent in the country. My promotion from the post of Vice President to Senior Vice President of the bank is also part of these endeavors.

I express my heart-felt gratitude to Mr. Syed Taiat Mehmood, President ZTBL and his management team for this promotion that has reinvigorated my commitment to my organization. Assurances by the President of the Bank for taking necessary steps for encouraging and helping other male and female players advance their skills and careers serves for us as a great source of motivation.

I also assure the bank and my countrymen for not letting them down and playing with reinforced commitment and dedication in coming days to bring more honors to ZTBL as well as Pakistan.—PR
